Approved By:

Prepared By:

Report Highlights:

This subject report on sanitary, veterinary, phytosanitary, ecological controls and compulsory conformity certification matches the control to specific HS Codes. This shows potential US exporters what types of control (s)he will be facing in Ukraine. For detailed explanations of these lists, please refer to 2010 FAIRS-Narrative report.

General Information:

The Office of Agricultural Affairs of the USDA/Foreign Agricultural Service in Kyiv, Ukraine prepared this report for U.S. exporters of domestic food and agricultural products. While every possible care was taken in the preparation of this report, information provided may not be completely accurate either because policies have changed since its preparation, or because clear and consistent information about these policies was not available. It is highly recommended that U.S. exporters verify the full set of import requirements with their foreign customers, who are normally best equipped to research such matters with local authorities, before any goods are shipped. **FINAL IMPORT APPROVAL OF ANY PRODUCT IS SUBJECT TO THE IMPORTING COUNTRY'S RULES AND REGULATIONS AS INTERPRETED BY BORDER OFFICIALS AT THE TIME OF PRODUCT ENTRY.**
