EU Early Alert - Pesticide Review - August 2019

Report Categories:

SP2 - Prevent or Resolve Barriers to Trade that Hinder U.S. Food and Agricultural Exports
Sanitary/Phytosanitary/Food Safety

Approved By:

Lisa Allen

Prepared By:

Tania De Belder

Report Highlights:

The EU early alert system provides information on ongoing and upcoming reviews for active substances and MRLs that are of interest to U.S. stakeholders. The information presented in this document provides interested stakeholders with advance notice of active ingredients under review for renewal of approval in the EU and highlights which substances may have restricted or non-renewal of approval. This list is not all-inclusive and other substances and MRLs may be undergoing review as well.

General Information:

The EU early alert system from BCI and USDA provides information on ongoing and upcoming reviews for active substances and maximum residue levels (MRLs) that are of interest to U.S. stakeholders. The information presented in this document provides interested stakeholders with advance notice of active ingredients under review for renewal of approval in the EU and highlights which substances may have restricted or non-renewal of approval. This list is not all-inclusive and other substances and MRLs may be undergoing review as well.
