Food and Agricultural Import Regulations and Standards - Narrative

FAIRS Country Report

Approved By:

Eugene Philhower

Prepared By:

Jennifer Wilson

Report Highlights:

This report is intended to supplement the European Food & Agricultural Import Regulations (FAIRS) Report with UK-specific information. The UK FAIRS provides contact information for the competent authorities that are responsible for the import of animal products, plant products, forestry products, fishery products and general food products into the United Kingdom. In addition, this report has handy links to guidance on health certificates, licenses, import duty, food labeling, additives and packaging.
