In the Official Gazette dated December 31, 2009, the Government of Turkey allocated a rice import quota of 100,000 MT to the Turkish Grain Board (TMO) at a zero tariff rate, available until December 31, 2010. TMO would like to use 20,000 MT-25,000 MT of the rice quota very soon, in order to build up their stocks. It is known that TMO currently has very limited stocks, although the actual amount is undisclosed.

In MY2009 TMO exported 580,000 MT of wheat, 330,000 MT of barley and 300,000 MT of corn.
